received a call from a c/p that lives in Georgia stating his mother in law stays at the arbors. He received a call this morning around 0815 and they stated if he knew were his mother in law was because she was out of the building. He did speak to her last night at 2130. After looking up the calls at that location, there was a medical for her. When I called the c/p back, he found out she was transported to mass general. He still wanted an officer go by to and speak with someone because he finds that is unreasonable that the arbors called him to ask if he knows where she is.
