Reporting party came into the station to report being the victim of fraud. She was contacted by a female stating that she was a representative of Apple and then connected her to another "representative" a male party who supposedly ran diagnostics on her computer and then told her she needed better security to protect her. He then instructed her to purchase a \$500 Apple gift card at Stop & Shop and call him with the card number. Everything appearing legitimate she did as instructed and learned that once he had the number the card was rendered useless and her \$500 was gone.

Narrative: Delehanty S, Sean  
RP knows that there is no way to recover her money and already spoke to her bank. She wanted to make us and the public aware and not make the same mistake she made.
